Many thanks to the generosity of our Event Sponsor and valued Allied Member

AIA EPC 2010 / 2011
Calendar - [Click Here](#)

Time to Give Thanks...

It's hard to believe that in just a couple weeks we'll be well into the 2010 holiday season. During this time of year, when we typically reflect and give thanks, I would like to express my appreciation to those who have helped me throughout this year.

First I'd like to thank my employer, **Howard L. Kulp, AIA**, who has been most supportive of my position including the periodic office hours needed to make it all work. I'd also like to recognize and thank all the members of the AIA EPC board, including our past president, **Sylvia B. Deye, AIA, LEED AP** for her constant words of wisdom and our president elect, **Scott Compton, AIA, LEED AP**, whose hard work and diligence resulted in a great slate of chapter events throughout the past year. As Scott assumes the presidency in January, the event planning duties will fall to our incoming president elect, **Ryan Kennedy, AIA, LEED AP**. After two great years as our treasurer, Ryan is already hard at work planning out next year's events. I can tell you that great things await us in 2011 – *but no pressure, Ryan!*

A special thank you to all within our chapter and our friends at CSI, Allentown for your collective support of the [Haiti Relief program](#), which will officially conclude on December 1. We have been fortunate to partner with the [Fuller Center for Housing](#), which has already reconstructed six homes in Haiti with many more to follow.

Don't forget to register (for our November presentation by Jeffrey Euclide, P.E., CEM entitled "Energy in Design." With over 25 years of experience in energy engineering, Jeff will provide an overview of energy consumption and conservation, carbon footprints, and sustainability as it relates to the built environment. Topics include utility master planning, energy audits, and sustainable energy use in new, existing and historic buildings. Examples of Entech's ongoing work at Shippensburg University, New Lisbon Development Center, Bucknell University and the U.S. Capitol Complex will be discussed.

Finally on December 2nd we'll celebrate our annual President's Night Dinner at [Bear Creek Mountain Resort](#) in Macungie. Join us as we honor our colleagues with the 2010 AIA EPC Design Awards and Citizen Architect recognition. We will also bestow our inaugural AIA Eastern PA Scholarship to **Angela Nunez, Associate AIA**. It promises to be a special evening for all in attendance. As always... Hope to see you there...

[Sean P. O'Brien, AIA, LEED AP](#)

Allied Members – Have a special announcement? Send us your news to be posted here!

“The Eastern Pennsylvania Chapter of AIA is the voice of our regional architectural profession dedicated to serving and empowering its members. Our Vision is to inspire a better built environment by engaging the community through a culture of excellence and innovation.”

Last Call for Our Citizen Architects!!

November 18th marks the deadline for submitting your name (or nominating someone else) for [Citizen Architect](#) recognition. If you currently serve or have ever served in the past in a servant leadership role (such as the board

of directors for a non-profit organization, or local municipality, civic group, etc.), then you are indeed a Citizen Architect.

If we missed the opportunity to honor you last year, please let us know so that we may extend the honor during our upcoming President's Night on December 2.

Chapter to Award its First Scholarship

Congratulations to Angela Nunez, Associate AIA, who is the recipient of the inaugural AIA Eastern PA Scholarship. We will officially award Angela the \$1000 scholarship during President's Night on December 2nd. Born in the Dominican Republic and a native of Puerto Rico, Angela is a talented young architect, and currently enrolled at the University of Pennsylvania's Graduate School of Architecture. Congratulations Angela on this fine achievement and for all the success we know you'll enjoy in your architectural career!

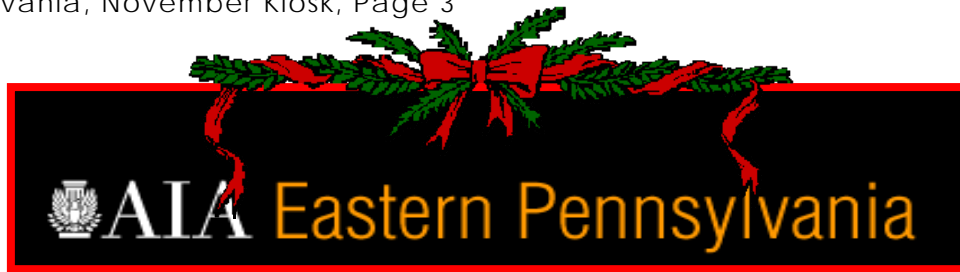

The AIA Eastern PA Scholarship program is made possible through the generosity of our membership as well as corporate sponsors like Morris Black (in 2009) and Entech Engineering, which is sponsoring next week's chapter meeting.

Thank you to everyone for your continuous generosity and support! You are helping to shape the careers of special people like Angela – the future of our profession.

Information about the AIA EPC Scholarship and how you can render support is available on our [chapter website](#).

Thanks to our 2010 Board Members!

Sean P. O'Brien, AIA, LEED AP – President
Scott Compton, AIA, NCARB, LEED AP – President Elect
Sylvia B. Deyé, AIA, NCARB, LEED AP – Past President
Ryan Kennedy, AIA, LEED AP – Treasurer
