**"The Eastern Pennsylvania Chapter of AIA is the voice of our regional architectural profession dedicated to serving and empowering its members. Our Vision is to inspire a better built environment by engaging the community through a culture of excellence and innovation."**

Family Night at the

## DaVinci Center

A Joint venture with the DVGBC - Thursday evening, May 21, 2009 from 6 - 9 PM on the campus of Cedar Crest College, Allentown.

Reduced admission for spouses - children under 16 are FREE!  
Sponsorship opportunities are also available. There will also be a presentation on renewable energy

**Attend the lecture and earn one (1) CEU in sustainable design.**

[Click here](#) for more event information. [Register](#) here!

Hope to see you there!

### Check out the AIA Career Center...

- ✓ Resume Builder - Experience a more efficient resume/CV creation process, which allows the job seekers to upload their resume/CV from a desktop publishing program, such as Microsoft Word.
- ✓ Professional Profile - Create a professional presentation of job seekers qualifications. This easy-to-use feature pre-populates information from their resume, saving you time. And if you don't finish the first time through, their information will be saved so they can easily get back to it later.
- ✓ Searchable Portfolio - Increase job seekers exposure in an employer's search by creating an online portfolio of career-related documents, including work samples, cover letters or certification letters.
- ✓ Job Application Preview - Have more control with the ability to preview everything the job seekers submit to an employer, exactly as they will, before submitting their applications.
- ✓ Tighter Confidentiality - Take comfort in stricter confidentiality rules throughout our Career Center.

### AIA EPC Scholarship

Up to \$2000 annually to assist current architectural students who reside within the chapter's five-county jurisdiction with their academic pursuits at an accredited architecture school.

Eligible students must have completed at least one year at an accredited undergraduate program, or be pursuing a graduate degree at an accredited architecture school. More information regarding the scholarship, including downloadable applications is available on our chapter website.

We would like to invite everyone to join us for **School Building Expo, June 2-4, 2009** at the David L. Lawrence Convention Center in Pittsburgh, PA.

The **School Building Expo** is the only event that truly brings together today's evolving Educational Institution marketplace. **School Building Expo** is host to the **Spring meeting of AIA's Committee on Architecture for Education**, a gathering of the most active thought leaders in educational facilities design. Learn about new trends, be inspired by exciting keynotes and discover the latest products and solutions. Come together with the decision makers and purchasers who plan, design, construct and maintain the public & private educational facilities of tomorrow.

As a AIA member, we would like to offer your members a 20% discount off the early registration to attend the show. Your members will have the opportunity to learn from the experts, and **earn 16 of the 18 annually required AIA CEUs**, attend and network at many special events and see all the latest products and services in our exhibit hall where we we're expecting over 100 exhibitors.

On Wednesday, June 3<sup>rd</sup> all attendees are invited to participate in night at the ball park and experience the fun and excitement of the ball game when the Pittsburgh Pirates take on the New York Mets. Transportation, dinner and tickets are included to all attendees.

*Wednesday night, June 3rd*

Baseball game included... Pittsburgh Pirates take on the New York Mets. Transportation, dinner and tickets are included to all attendees.

### **FUTURE CITY COMPETITION NEEDS MENTORS TO WORK WITH MIDDLE SCHOOL TEAMS**

The mission of the National Engineers Week Future City Competition is to provide a fun and exciting educational engineering program for seventh- and eighth-grade students that combines a stimulating engineering challenge with a "hands-on" application to present their vision of a city of the future.

Bill Sutton, the regional Future City coordinator (an employee of Wohlsen Construction, a GBACPA Silver Organization member) has asked me to let our members know that he is looking for mentors to help Future City teams in their nearby middle schools. Mentoring entails a couple of hours every few weeks, meeting on occasion with the students and answering questions and offering advice by email. This is rewarding work; we are helping young students to recognize engineering interests and skills that many of them do not even realize they have.

If you would like to get involved in the 2009-2010 competition, contact Bill at [wsutton@futurecity.org](mailto:wsutton@futurecity.org).
